

# Creative, Active, Responsible Students in the Digital World

## *How to Save the Environment Story*

By the students from ZŠ Žamberk, 28. října 581 Czech Republic

# What are the ways to save the environment?

Hello! I'm a teacher. My name's Earthy.

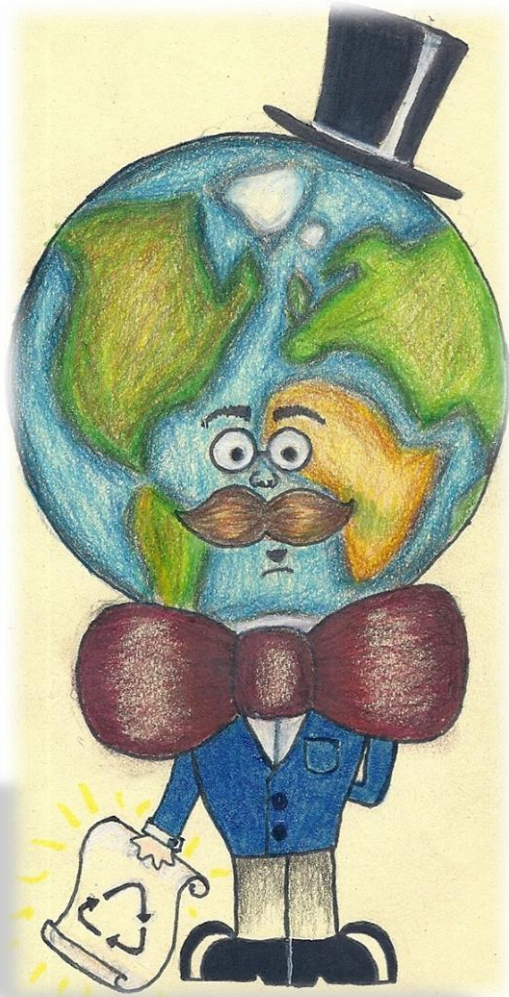

**I'm going to teach you some ways how to save the environment.**

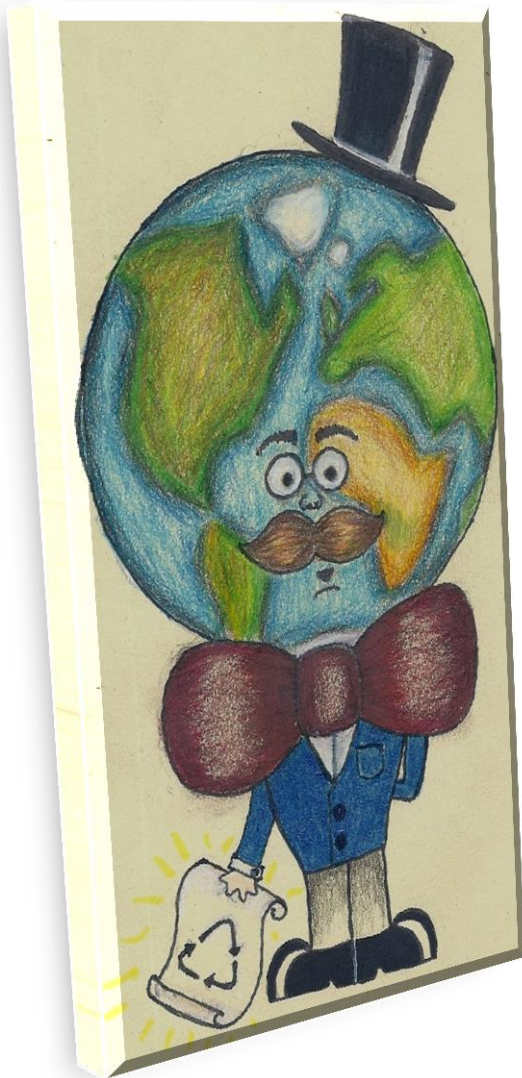

## 1. To make the environment better

**we should** reduce levels of environmental pollution and avoid littering the environment

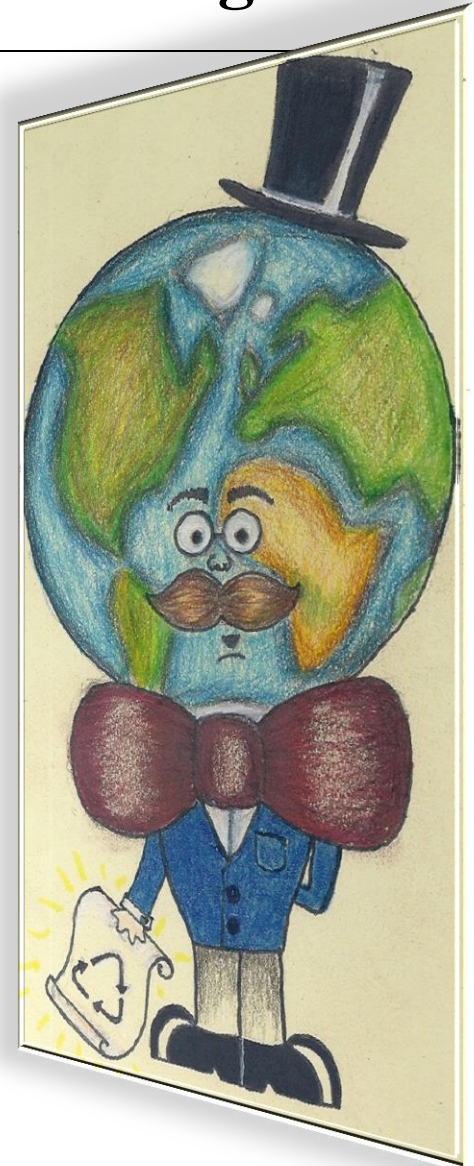

## 2. To make the environment better

**we shouldn't** throw away things we can re-use and  
use strong chemicals for cleaning

### 3. To make the environment better

**we should get used to** recycling, reusing and reducing

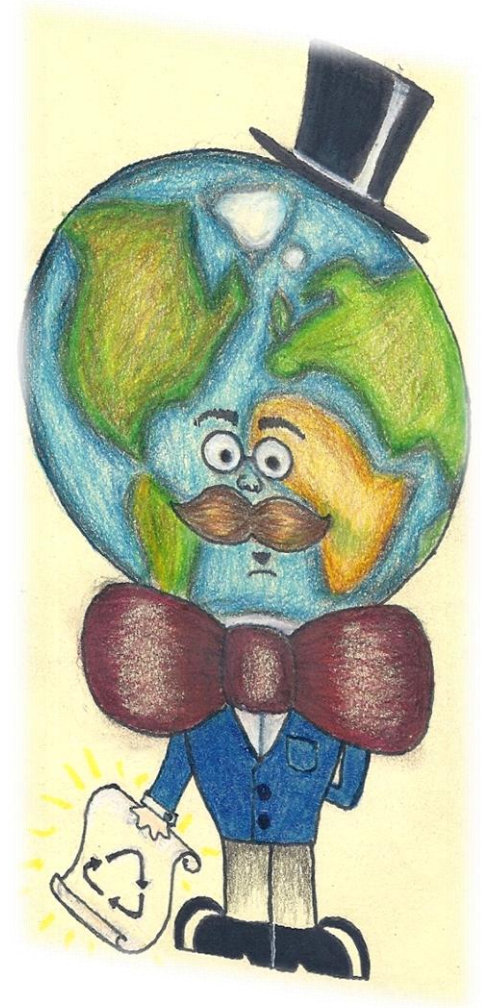

#### 4. To make the environment better

**we should get used to** using recycling containers  
more often and using recycling bins

## 5. To make the environment better

**we should get used to** using recycled paper  
and using eco-friendly products for cleaning

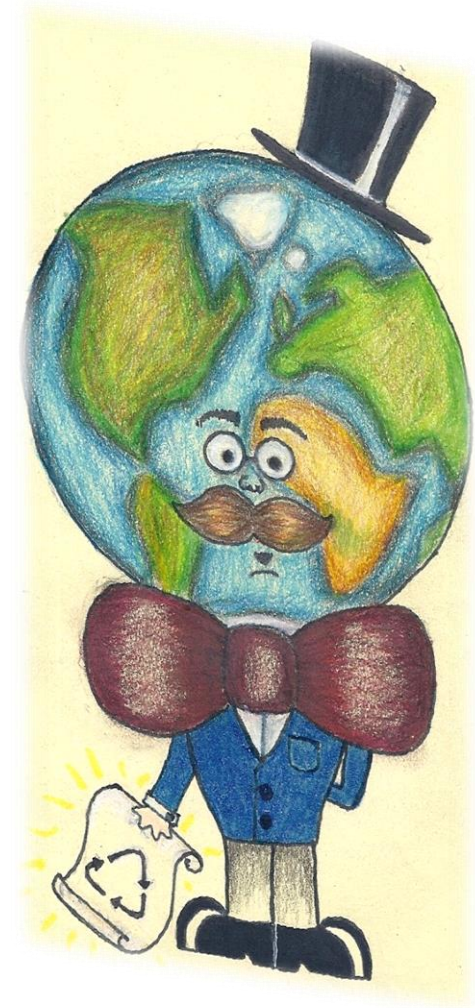

## 6. To make the environment better

**we should get used to** not using cars for short journeys and saving water and electricity

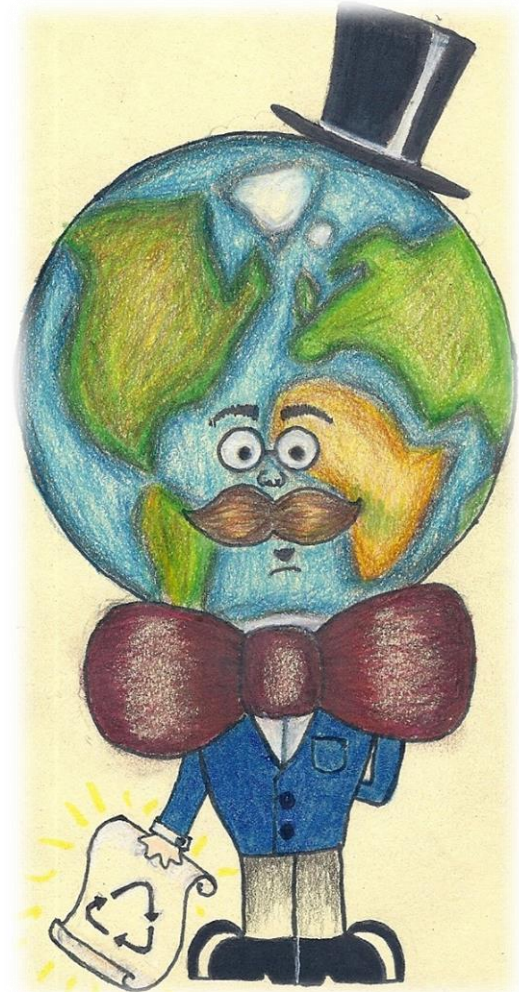

## 7. To make the environment better

**we should** stop air, soil and water pollution and use more wind and sun power

## 8.To make the environment better

**we shouldn't** waste water and energy and use strong chemicals for cleaning

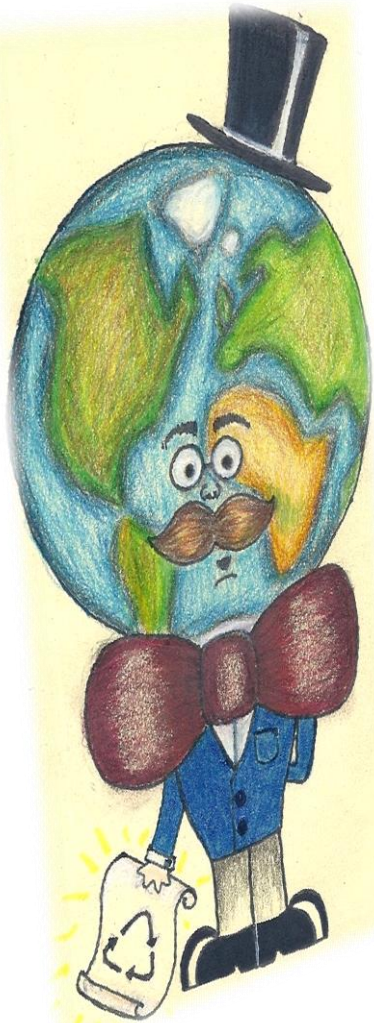

## 9.To make the environment better

**we should get used to** taking part in school recycling programmes and keeping the Earth clean

## 10. To make the environment better

**it's high time to** invent things good to the environment  
and minimize pesticide use

*Dear students,*

*Now you know how to save the environment. If you fill in the worksheet, you'll be really friends for me.*

*Love,*

*Earthy*

# Worksheet: *Some Ways to Save the Environment*

**1= infinitiv**

**1. We should 1**

**2. We should get used 1+ing**

**3. It's high time to 1**

**4. Personally, I try to 1**

We should

It's high time to

We should get used

Personally, I try to
